

Delivering to Deadlines

22 Door sets, surveyed, designed, manufactured and installed in under two weeks

The Client

A Nottingham Housing Association contacted HBS Steel Doors Ltd with an urgent project requirement, the project objectives were constrained solely by time and therefore, a non-negotiable deadline date.

The Challenge

HBS Steel Doors were set the challenge to survey, design, manufacture and install 22 bespoke door set solutions all within a two week timeframe!

The Solution

HBS Steel Doors have amassed an extensive in-house capability to take on such a demanding project.

Having over 60 years worth of project management and design technology skills, combined with the essential plant equipment, skilled manufacturing and installation personnel, enables HBS Steel Doors to deliver to customer challenges.

To ensure that HBS Steel Doors successfully achieved this challenge, a project team was installed with immediate effect and a co-ordinated project plan was agreed and enacted

to best deliver the project objectives.

The Results

The team at HBS Steel Doors successfully streamlined the project delivery with exacting timescales by working closely with key core suppliers, co-ordinated by the operational personnel.

This enabled the project installation team to, through demanding circumstances, install all 22 door sets within the two week time frame, to the delight of the client. With the added comments from the 'clerk of the works'

'..HBS Steel Doors Ltd get our seal of approval as their design, manufacture and delivery processes, surpassed even our demanding requirements..'

'..At HBS Steel Doors Ltd we pride ourselves in our ability to deliver to exacting standards and deadlines..'
